MQlus Business Solutions Pvt Ltd

1 year 7 months

Senior Web Developer

December 2024 - Present (1 year 7 months)

Indore, Madhya Pradesh, India

PHP FullStack Developer

February 2025 - Present (1 year 5 months)

PHP FullStack Developer at MQlus Business Solutions

Unacademy

Web Developer

April 2023 - March 2025 (2 years)

Indore, Madhya Pradesh, India

As a Web Developer at Unacademy, I am responsible for designing, developing, and maintaining web applications and websites within the organization. Unacademy is a leading online learning platform in India that provides a comprehensive educational experience to students preparing for competitive exams.

Key Responsibilities:

Lead and manage IT projects from initiation to completion, ensuring successful implementation and delivery.

Collaborate with cross-functional teams to gather project requirements and align them with business objectives.

Develop and execute project plans, defining timelines, milestones, and resource allocation.

Coordinate with internal stakeholders and external vendors to ensure smooth project execution.

Monitor project progress, identify and address issues, and ensure adherence to project timelines and quality standards.

Implement and manage IT infrastructure, systems, and solutions required for project success.

Collaborate with IT teams to ensure project integration with existing systems and technology stack.

Conduct risk assessments, develop mitigation strategies, and proactively manage project risks.

Provide regular project status updates to stakeholders and senior management.
